Social Committee Event Presentation:

- Print-outs provided. Separated by date/day.
- First, welcome week. Collaborating with other colleges. Energy booster was very popular last year so starting with that. Cost was about \$150. Registration will be available online. Then movie night with Calumet (they will be pitching in). then karaoke with Winters (will be pitching in). then Blue Jays game on Thursday. We're buying min of 20 tickets. Ticket price + \$6 round fare. Then comes Coffeehouse with Res council. Mostly tentative budget. Karaoke is a big hit in Winters (very well received)
- October: frosh revival. Still waiting to gather more info. 9th is the night before thanksgiving so perhaps move it to the 2nd. Skyzone: at Vaughan. Link provided. \$15/person/hr busfare not covered. If more interest (min 24ppl), there's \$19/person/hr on trampoline (skysocks included) perhaps collaborate with res council (they went last year). Poetry Slam attempted last year but got cancelled due to strike. Perhaps try again this year, let the 1st year reps take initiative on it, posters are ready. Montreal: still sorting out details. Probably same hotel as last year, haven't had a serious conversation with their booking manager, great planning it during co-curricular days (no midterms)
- November: left some room on purpose for the 1st yr reps to organize something. League of Legend tournament was successful last year. Asra suggested an event downtown that res council did in the past.
- December: exam season, so not much to plan. Probably only "cocoa & cram" have study sessions with cocoa and PTs, perhaps collaborate with SOS.
- Jan 2016: Frost week. Onieka has something planned. Mon-11th: smores event and smaller winter carnival event. Tue-12th: collaborate with club for an event,

- appx \$3500 in total. SOS is willing to work with BCC if we want to focus on 1st years.
- Feb: Blue mountain. The following Monday is family day so perhaps extend a day or postpone a day, perhaps even just make it a one day (more than once) event instead of the weekend, reconsider the date because its reading week, family day and could be more expensive, maybe move to end of jan.
 - March: energy booster again. Great way to end the year. Formal is still under planning, still looking around for venues, no date yet but will be the last event.
 - Need a budget limit before we can ratify these. More intra-college than inter-college events? Movie night could be doubled up (twice)
 - Meet again next week (29th) in order to ratify the events. So far, within budget.

Promotions and Marketing Update:

- Shirts have been designed, need to be sent off to printing.
- Photoshoot for council next week, would like a complete council for the picture, maybe do a video like SCLD does.

O-Chair Update:

- Looking into getting diff bus quotes, jersey designs are pretty much done, need to talk to lassonde about boat cruise. Tentative dates set for leaders training.
- List of hired leaders ready, with those who haven't done BFL yet, contacted Health Ed for other trainings.
- Photography team coming together, also dance team meeting at 6pm.
- Appx 65 leaders for BFL. Can probably fit all of them in one training (BC320). YUStart is providing training for anyone who is helping out with AO so if there are leaders, training is on Aug 20th. A few leaders are out of town for beginning of Aug so it's upto the President to decide what to do.
- Mail out starting July 17th. Set by YODA. Text is ready for printing.

VP Finance update:

- Balance-26,600 of which we have to pay back 7000 for past honorariums, etc. after paying off everything, 23,400 left. Incoming levy projected to be 135000. Based on 5% less than last year.

Prez update:

- Thursday, Aug 13th, cross council training. Please be present. Looking at cottages for retreat. Will send doodle poll tonight. Best to do end of this month.

Other Business:

- Alumni-Student event was very popular. Perhaps council take initiative to do it again this year. John will be back as Master starting July 1st.
- Amir needs director of clubs google account from Jiries.

Next Meeting: June 29th same time.

Adournment: @5:33pm.
